

## DEPARTEMENT OUTILLAGE

## GROUPE ELECTROGENE 5KVA ESSENCE MONOPHASE

## SPECIFICATIONS

## ECO7990ES

|                                                    |                      |                                                      |
|----------------------------------------------------|----------------------|------------------------------------------------------|
| <b>Type</b>                                        |                      | Brush - self exciting - synchronous - 2 pole         |
| <b>Voltage regulation</b>                          |                      | AVR                                                  |
| <b>AC Output</b>                                   | <b>Frequency</b>     | 50hz                                                 |
|                                                    | <b>Rated voltage</b> | 220V - Single voltage                                |
| <b>Max. output</b>                                 |                      | 5500W                                                |
| <b>Rated output</b>                                |                      | 5000W                                                |
| <b>Phase</b>                                       |                      | Single                                               |
| <b>Power factor</b>                                |                      | 1                                                    |
| <b>Over current protector</b>                      |                      | Fuseless circuit breaker                             |
| <b>Engine</b>                                      |                      | 13HP - 4 stroke - Single cylinder - OHV - Air cooled |
| <b>Engine model</b>                                |                      | SPE390E                                              |
| <b>Displacement</b>                                |                      | 389cc                                                |
| <b>Starting system</b>                             |                      | Recoil / Electric                                    |
| <b>Fuel</b>                                        |                      | Unleaded gasoline                                    |
| <b>Fuel tank capacity</b>                          |                      | 26L                                                  |
| <b>Run time (approx.) on One tankful @75% Load</b> |                      | 10h                                                  |
| <b>Dimensions (L x W x H)</b>                      |                      | 756 x 553 x 590 mm                                   |
| <b>Noise level @7m</b>                             |                      | 70dB                                                 |
| <b>Oil warning system</b>                          |                      | Yes                                                  |
| <b>Weight</b>                                      |                      | 104.82Kg                                             |
